

CERTIFICATE

presented to

Dr. Prof. NATALIJA ANDRUSIAK

**Implementation of European Experience:
Technologies and Values of the Austrian Education System Practical Experience**

December 2023 - January 2024

This certificate acknowledges the dedication and active participation in the international internship program, fostering collaboration and understanding between Austrian and Ukrainian educational communities.

The program was organized by the European Center for Freedom and Independence (EUCFI), in collaboration with the Center of Ukrainian Researches in Austria (CURA) with the support of Wienextra.

The training course comprised a total of 180 hours (6 ECTS) of work units.

Director EUCFI

Mrs. Olena Bekreniova

Director CURA

Dr. Prof. Tetyana Symonenko

005/2024/017

1.1

24 January 2024, Vienna

The following topics have been addressed in the course of training program:

1. International Collaboration in Higher Education:
 - Explored opportunities for academic partnerships, student exchanges, and research collaborations between Austrian and Ukrainian educational institutions.
 - Discussed the benefits and potential challenges of fostering stronger international ties.
2. Education Policy and Reforms:
 - Exchanged insights on recent education policy developments and reforms in both Austria and Ukraine.
 - Discussed strategies for enhancing the quality of higher education, improving access, and addressing current challenges and future goals.
3. Dual Education and Development:
 - Explored the concept of dual education, combining classroom learning with hands-on work experience.
 - Discussed how Austria and Ukraine are implementing dual education programs, shared success stories, addressed challenges, and explored potential cross-country collaboration to enhance workforce development.
4. The Role of Public Organizations in Building European Democracy:
 - Analyzed the role of public organizations in the process of constructing European democracy.
 - Explored interactions and partnerships between public organizations and government agencies in fostering democratic principles.
5. Challenges and Opportunities in Austrian Education:
 - Delved into the current state and challenges of secondary and higher education in Austria.
 - Explored dual education, study tracks for school students, integration programs for non-Austrian students, and migration issues.
 - Discussed the leisure system for children and youth in Vienna and compared the challenges faced by Ukrainian schoolchildren in Ukraine and Austria.

Skills Acquired:

1. Cross-Cultural Communication Skills:
 - Developed proficiency in cross-cultural communication through interactions with educators from diverse backgrounds.
2. Strategic Collaboration and Partnership Building:
 - Gained skills in strategic collaboration by exploring opportunities for academic partnerships and research collaborations.
3. Critical Analysis and Problem-Solving:
 - Enhanced critical analysis skills by discussing challenges and proposing reasoned approaches to address complex issues in education.

Study visits during 4 – 18 December 2023 included institutions:

Austrian Parliament
Vienna City Hall
Austrian Federal Chancellery
University of Natural Resources and Life Sciences
Federal Commercial Academy (BHAK) in Korneuburg
WienXtra
Jugend am Werk.

CERTIFICATE

This is to certify that
DLUHOBORSKA LIUDMYLA

has successfully completed
the Scientific and Pedagogical Internship Program
«The power of social media in the professional development of university representatives:
personal brand, tools for educational products, promotion of sustainable development values»

organised by Zofia Zamenhof Foundation, Warsaw, Poland
from 28.03.2024 till 20.06.2024

The academic load of the online internship is 6 ECTS credits (180 hours) and consists of the following modules:

Modules	Number of hours
E-learning course: Sustainable SMM: sustainable communication in social media for higher education institutions	30
E-course: Creative constructor: building innovative educational formats in digital era	30
Series of brokerage international events	12
Individual scientific project: Advancing sustainable communications in higher education via social media	50
Individual international project: Development of a concept for an international project in the field of Higher Education - sustainable communications, innovative education, sustainable development, and the third mission of universities	50
Scientific report presentation at the Round table: Development of sustainable communications in higher education institutions through social media	8
Total number of hours	180

The participant has demonstrated proficiency in the following **Program outcomes**:

Program outcomes	
Knowledge	Insight into key concepts in sustainable communications. Formulation of key concepts related to social media and its role in teachers' professional development. Understanding the principles of scientific research in sustainable communications. Recognition of innovative approaches to constructing educational formats in the digital era.
Skills	Building strategies for effectively promoting sustainable development values through social media. Demonstration of proficiency in designing and creating innovative educational formats. Utilization of social media tools for the development of educational products and personal branding. Development and implementation of strategies for social media integration in the educational process. Conducting scientific research in HEI's sustainable communications in social media.
Competencies	Planning and execution of sustainable communication strategies through social media. Collaborative creation of an online environment for professional development through social media. Proficiency in conducting scholarly research focused on sustainable communications in higher education institutions through social media.

This certificate is awarded in recognition of successful acquisition and application of knowledge, skills, and competencies throughout the program.

Project “COMSUS. Development of sustainable communications of Higher education institutions in social media” (project №2022-1-PL01-KA220-HED-000090164, Erasmus + program)

CERTIFICATE

This is to certify that
NOVAK INNA

has successfully completed
the Scientific and Pedagogical Internship Program

«The power of social media in the professional development of university representatives:
personal brand, tools for educational products, promotion of sustainable development values»

organised by Zofia Zamenhof Foundation, Warsaw, Poland

from 28.03.2024 till 20.06.2024

The academic load of the online internship is 6 ECTS credits (180 hours) and consists of the following modules:

Modules	Number of hours
E-learning course: Sustainable SMM: sustainable communication in social media for higher education institutions	30
E-course: Creative constructor: building innovative educational formats in digital era	30
Series of brokerage international events	12
Individual scientific project: Advancing sustainable communications in higher education via social media	50
Individual international project: Development of a concept for an international project in the field of Higher Education - sustainable communications, innovative education, sustainable development, and the third mission of universities	50
Scientific report presentation at the Round table: Development of sustainable communications in higher education institutions through social media	8
Total number of hours	180

The participant has demonstrated proficiency in the following **Program outcomes**:

Program outcomes	
Knowledge	Insight into key concepts in sustainable communications. Formulation of key concepts related to social media and its role in teachers' professional development. Understanding the principles of scientific research in sustainable communications. Recognition of innovative approaches to constructing educational formats in the digital era.
Skills	Building strategies for effectively promoting sustainable development values through social media. Demonstration of proficiency in designing and creating innovative educational formats. Utilization of social media tools for the development of educational products and personal branding. Development and implementation of strategies for social media integration in the educational process. Conducting scientific research in HEI's sustainable communications in social media.
Competencies	Planning and execution of sustainable communication strategies through social media. Collaborative creation of an online environment for professional development through social media. Proficiency in conducting scholarly research focused on sustainable communications in higher education institutions through social media.

This certificate is awarded in recognition of successful acquisition and application of knowledge, skills, and competencies throughout the program.
